The masjid is still one of the most frequently visited monuments of the world.
- Noise pollution is a serious issue and needs more attention at local and state level. People must develop more awareness about the dangerous impact of noise on human health. Early rising is a good habit as it gives us early start of our day's work. We gain time while the sleepers are asleep. The early risers have another advantage also and that is that they enjoy good and sound health. Those who are out of bed early have plenty of time to do their work carefully, steadily and completely. They do not have to put off anything to the next day. The early riser is always happy, fresh and smart.
